SUMMARY

A disciplined university student with a focused ambition to work in the software engineering field. Currently studying Physics at Loughborough University, where I have developed a strong foundation in both theoretical and experimental constructs. I thrive on solving complex problems, often finding solutions in unexpected moments. Continuously expanding my skill set and staying up-to-date with the latest advancements in the field is an ongoing passion of mine.

PROJECTS

- **Python - Investigation of random number generation and work engines:** Explored methods for random number generation (e.g. The Linear Congruential method) and tested randomness (e.g. using Sequential plots). Simulated random walks and analyzed heat engine cycles like the Carnot Engine.
- **Julia - Investigation of electrons tunnelling through potential barriers:** Investigated quantum tunneling by simulating electron transmission through multiple potential barriers and calculating the probability of transmission.
- **HTML, CSS, JavaScript - Portfolio website:** Designed, developed, and maintained a personal portfolio website and blog to showcase my projects and interests.

EDUCATION

- **Loughborough University** Leicestershire, England
Bachelor of Science - Physics BSc (Hons) degree; Projected First Honours (73.6%) Oct 2021 - Jun 2025
Courses: Computational Modelling and Simulation, Quantum Physics, Mathematics for Physics, Solid State Physics, Physics Laboratory
- **Dunraven Sixth Form** South London, England
A Levels: Mathematics — A; Further Mathematics — A; Physics — B* Sept 2019 - Jun 2021
- **Dunraven Secondary School** South London, England
Three Grade 9s, One Grade 8, Four Grade 7s, Two Grade 6s, One A, One Dist** Sept 2014 - Jun 2019
GCSEs: Mathematics - 9, Chemistry - 9, Physics - 9, Further Mathematics - A*, Biology - 8, English Literature - 7, English Language - 7, Geography - 7, Religious Studies - 7, History - 6, Spanish - 6, ECDL - Dist*

EXPERIENCE

- **WHSmith** In-Person
Retail Assistant - Summer Temp (Part-time) Jul 2022 - Aug 2022
 - **Efficient Inventory Management:** Restocked items and maintained store cleanliness, contributing to smooth store operations amidst an ever-changing work environment.
 - **Log Management:** Standardized logging processes for incoming and outgoing packages, improving tracking efficiency.
 - **Customer Service Excellence:** Handled customer inquiries and deescalated situations, ensuring a positive shopping experience at every stage.
- **Barclays** In-Person
Banking Intern (Internship) Jul 2018
 - **Observations and analysis:** Shadow employees in different sectors to observe how the bank operates.
 - **Project presentations:** Formed a well researched and documented project on offers available from competitors. Presented said project to a board of directors and the manager, clearly and concisely.
 - **Privacy & Safety:** Discretion and adhering to the specific security systems were made clear due to the nature of this sector. Handling of cash between us and our security transport (Loomis).
- **MHL Enterprises (Family Owned)** In-Person
Retail Assistant (Part-Time) Jan 2015 - Jan 2018
 - **Punctuality and Attendance:** My first foray into the working world, adherence to a schedule and professional etiquette were paramount in this formative experience.
 - **Customer Service:** Accept packages from our couriers (i.e. UPS and DHL) and hand them to our customers.

COURSES

- **Python MOOC.fi courses 2024:** Completed both the 'Introduction to Programming' (Grade 5, 90%+) and 'Advanced course in Programming' courtesy of the University of Helsinki.
- **HTML, CSS & JavaScript crash course:** Attended a day long HTML, CSS & JavaScript course courtesy of Brainstation. Participated in some separate networking sessions also at Brainstation.
- **Microsoft courses on Software development, Generative AI & Cybersecurity:** Completed these three 'Career Essentials' courses courtesy of Microsoft and LinkedIn.

SKILLS SUMMARY

- **Languages:** Python, HTML, CSS, JavaScript, Swift, MATLAB, Julia
- **Tools:** COMSOL, Git, Visual Studio Code, Latex, Microsoft Office, Markup, Copilot, ChatGPT, PerplexityAI, Canva
- **Soft Skills:** Leadership, Teamwork, Writing, Public Speaking, Time Management, Organization, Problem Solving
- **Hobbies & Interests:** I have a vested interest in numerous sports, including MMA, BJJ, Boxing, and Football. I'm an avid reader, enjoying books that range from self-help to classic fiction. I frequent the gym and meticulously track my diet using Cronometer. My fascination with the history of ancient civilizations and current tech trends keeps me engaged with a variety of podcasts and newsletters, such as Waveform, Fall of Civilizations, and TLDR.
